LAinternational

Recruiting People
for the
Technology of
Today & Tomorrow

National Security & Defence Division

Established in 1982, LA International is a Recruitment Consultancy that specialises in the supply of ICT, Business and Project/Programme resource and technical support, both in the UK and Internationally.

LA International delivers services across the entire spectrum of National Security & Defence, housing a dedicated Division with domain-specific Teams focusing on Defence & Military including the UK Ministry of Defence and NATO, Homeland Security, Government and Systems Integrators. For over twenty years, we have worked together with our Clients right across the sector to provide the best SC, DV and NATO cleared talent and expertise available and in parallel, delivering the essential improvements in overall efficiency and value for money that our Clients continually require.

We provide our clients with highly flexible and innovative resourcing solutions across multiple engagement models, including:

- Contract, Consultancy and Interim
- Work Package & Statement of Work
- Permanent and Fixed Term
- Managed Service – Master/Neutral

Our track record and pedigree of supplying resources spans all legacy, current and emerging skills, technologies and disciplines, including:

- Technical Support & Infrastructure
- Service Management
- Development & Testing
- Architecture
- Cloud
- eBusiness
- Cyber Security
- Information Security
- Business Analysis
- Business/Organisational Change & Transformation
- Project/Programme Management
- Project/Programme Planning & Support
- Procurement/Commercial
- Training & Development

We are an 'HMG Approved Defence Contractor' and the recognised market leader in the delivery of security cleared expertise and resourcing services into sensitive UK and International environments.
